ITOTY 2026

Indian Tractor of the Year — Awards Website

7th Edition • 17 June 2026 • New Delhi

Document Version 1.0
Live Site: itoty-sparkle.lovable.app

1. Executive Summary

ITOTY (Indian Tractor of the Year) is India's most respected tractor and agri-machinery awards platform, launched in 2019 by Rajat Gupta, founder of Tractor Junction. The 7th Edition will be held on 17 June 2026 in New Delhi across 16 award categories spanning Tractors, Implements, and Finance.

This PRD describes the public-facing marketing and engagement website that supports the 2026 edition: its goals, target audiences, information architecture, sections, pages, content, interactions, and visual design system.

1.1 Product Vision

Provide a single, authoritative digital home for the ITOTY Awards that:

- Educates visitors on what ITOTY is, who runs it, and how winners are chosen.
- Showcases the legacy of past winners (2019–2025) with full archives.
- Promotes the 16 categories of the 2026 edition.
- Builds trust by surfacing sponsors, jury, and event imagery.
- Captures interest from manufacturers, financiers, sponsors, and farmers via contact forms.

1.2 Target Audiences

Audience	Primary Need	Key Sections
Tractor Manufacturers	Submit entries; understand evaluation	About, Categories, Contact
Implement & Finance Brands	Discover relevant award categories	Categories, Contact
Sponsors & Media Partners	Brand association, audience reach	Partners, Gallery, Jury
Farmers & Public	Vote, learn winners, attend event	Winners, Gallery, Hero
Press & Journalists	Verified info, jury credentials, archives	Jury, Winners archive, Footer

1.3 Success Metrics

- Bounce rate < 50% on the landing page.
- Contact-form submissions per month (target ≥ 30 in run-up to event).
- Click-through rate from Hero info-cards into deeper sections (≥ 25%).
- Pageviews on /winners/{year} archive pages (signal of legacy interest).
- Time on page ≥ 1:30 average across the homepage.

2. Information Architecture

2.1 Routes & Pages

Route	Page	Purpose
/	Home (single-page experience)	All marketing sections in one scroll
/winners	Winners archive (defaults to 2025)	Full list of award recipients
/winners/:year	Winners archive — filtered by year	Year-specific winner grid (2025/2024/2023/2022/2021/2019)
*	404 — Not Found	Graceful fallback with link home

2.2 Homepage Section Order

- 1. Navbar (sticky)
- 2. Hero (banner + 4 info cards)
- 3. About Us
- 4. Partners (Sponsors)
- 5. Winners Over the Years
- 6. Award Categories
- 7. Our Gallery
- 8. Panel Members (Jury)
- 9. Contact Us
- 10. Footer

2.3 Global Navigation

Anchor links in the Navbar map to homepage sections by id:

- Home → #home
- About → #about
- Partners → #partners
- Winners → #winners
- Categories → #categories
- Gallery → #gallery
- Jury → #jury
- Contact → #contact

A primary CTA "Vote Now" sits at the right of the navbar and scrolls to #categories.

3. Design System

3.1 Brand Palette

Token	Role	Approx Value
primary	Gold accent (CTAs, highlights)	hsl(43, 65%, 49%) — warm gold
secondary	Deep forest green (headers, buttons)	hsl(150, 38%, 16%)
forest-mid / forest-light	Supporting greens for hover/variation	Mid & light forest
background	Cream off-white page base	Warm cream
card	White card surfaces	White
muted	Soft section backgrounds	Pale neutral
foreground	Body text (dark)	Near-black charcoal

3.2 Typography

- Heading font: Cormorant Garamond (serif, italic accents on key words).
- Body font: Barlow (sans-serif, light/regular weights).
- Condensed font: Barlow Condensed (uppercase labels, tracking 0.1–0.25em).
- Hierarchy: Section H2 4xl–5xl; cards H3 lg–2xl; body 14–17px; labels 11–13px uppercase.

3.3 Recurring UI Patterns

- Section label: small uppercase tag with a leading accent line (e.g. "About Us", "Hall of Fame").
- H2 with italic gold accent on the keyword — e.g. Winners Over the Years.
- Cards: rounded-lg/xl, soft shadow, primary/10 border, hover lifts shadow + tints border.
- Year badges: pill with Trophy icon on winner cards.
- CTA buttons: forest-green fill + condensed uppercase + tight tracking.

3.4 Layout & Responsiveness

- Section container max width with horizontal padding scaling at lg.
- Grids: 1-col on mobile → 2-col on md → 3- or 4-col on lg.
- Sticky 72px navbar; mobile menu collapses behind a Menu/X toggle.
- Generous vertical rhythm (py-20 lg:py-28) between sections.

4. Section Specifications (Homepage)

4.1 Navbar

Anchor / Section ID: #navbar

Purpose: Persistent global navigation, brand identity, and primary CTA.

Content

- Brand lockup: "ITOTY" condensed wordmark + vertical divider + "Indian Tractor of the Year" subtitle.
- Nav links: Home, About, Partners, Winners, Categories, Gallery, Jury, Contact.
- Primary CTA button: "Vote Now" → scrolls to #categories.
- Mobile: hamburger toggle reveals stacked menu with same links + CTA.

Behaviour & Interactions

- Fixed at top, height 72px, translucent card background with backdrop blur.
- Hover state on links transitions text colour to forest green.
- Mobile menu uses local React state (open/closed); links auto-close menu on click.

4.2 Hero

Anchor / Section ID: #hero

Purpose: Communicate edition, date, and venue at first glance; provide quick links to key facts.

Content

- Full-width banner image (itoty-banner.webp) with alt text: ITOTY 2026 — India's Biggest Tractor Awards is Back.
- Below banner: 4 clickable info cards in a 2-col (mobile) / 4-col (desktop) grid.
- – Date — 17th June 2026 → links to #about
- – Location — New Delhi → links to #contact
- – Categories — 16 → links to #categories
- – Jury Members — 8 → links to #jury

Behaviour & Interactions

- Cards: hover lifts shadow, scales the lucide icon by 110%, tints border to gold.
- Banner image is statically served (no carousel for v1).

4.3 About Us

Anchor / Section ID: #about

Purpose: Establish credibility, history, and the evaluation methodology of the awards.

Content

- Heading: Indian Tractor of the Year (ITOTY) Awards — with "(ITOTY)" in italic gold.
- Body copy (4 paragraphs): origin story (2019, Rajat Gupta, Tractor Junction); expansion to implements/finance/CSR; transparency of 60% jury + 40% public votes; 7th Edition for 2026.

- Right column: "Evaluation Process" card stack — 60% Jury Votes, 40% Public Votes (large gold percentages).
- Caption restating 16 categories across Tractors, Implements, Finance.
- Secondary CTA: "Contact Us" → #contact.

Behaviour & Interactions

- Two-column layout on lg+, single column stacked on mobile.

4.4 Partners

Anchor / Section ID: #partners

Purpose: Surface sponsor and media partner credibility in a hierarchy that respects sponsorship tier.

Content

- Heading: Our Partners (with "Partners" italic gold).
- Tier 1 — Presented By: CEAT (single large logo tile, centred).
- Tier 2 — Associate Sponsors: Times Group, JK Tyre, HDFC Bank (medium tiles).
- Tier 3 — Partner Media: Auto Today, autoX, Car India, Motoring World, Overdrive, Evo India (small tiles).
- Logos rendered as text tiles (LogoTile component) with rounded card framing.

Behaviour & Interactions

- Tile hover: border darkens to primary/40, shadow upgrades.
- Layout uses flex-wrap centred for each tier.

4.5 Winners

Anchor / Section ID: #winners

Purpose: Quick-glance hall-of-fame for the headline winning tractor of every edition.

Content

- Heading: Winners Over the Years (italic gold "Years").
- 6 cards in a 1/2/3-column responsive grid — one per edition (2025 → 2019).
- Each card: tractor product image, year pill with Trophy icon, edition label (e.g. "6th Edition"), model name, "View All Winners" link.
- Joint Winners (2022) carries an additional gold pill in the top-right.
- View All Winners link routes to /winners/{year}.

Behaviour & Interactions

- On image error fallback to ITOTY logo at reduced opacity (graceful degradation).
- Image scales to 105% on card hover.

4.6 Categories

Anchor / Section ID: #categories

Purpose: Explain the structure of the 16 award categories grouped by domain.

Content

- Heading: 16 Categories of Excellence.
- Three grouped cards on desktop (1-col mobile):
- – Tractor Category (7 awards) — Tractor icon, secondary green tint.
- – Implement Category (5 awards) — Wrench icon, primary gold tint.
- – Finance Category (4 awards) — Landmark icon, forest-light tint.
- Each award listed with a small numbered circle (1, 2, 3 …).

Behaviour & Interactions

- No interactivity beyond scroll; numbered circles purely decorative.

4.7 Gallery

Anchor / Section ID: #gallery

Purpose: Provide visual proof of past events to build excitement and trust.

Content

- Heading: ITOTY Showcase (italic forest "Showcase").
- Year tabs in descending order: 2025, 2024, 2023, 2022, 2021.
- Image grid 2-col (mobile) → 4-col (desktop), aspect 4:3, cover-fit, lazy-loaded.

Behaviour & Interactions

- Active tab gets forest-green fill; inactive tabs are card-coloured pills.
- Selecting a tab updates a local React state and swaps the image set.
- Hover scales each image to 105%.

4.8 Jury

Anchor / Section ID: #jury

Purpose: Demonstrate impartiality by featuring expert jury members with credentials and photo.

Content

- Heading: Our Jury Members.
- 8 panel members in a 1/2/4-column grid — each card shows photo, name, role.
- Chairman card (Dr. CR Mehta) carries a "Chairman" pill in the top-left and a primary-gold ring on the card.
- Panel members listed include: Dr. L.P. Gite, Mr. Arindam Maulick, Mr. Yash Jat, Mr. P.K. Verma, Mr. Hemant Joshi, Mr. Ashish Bhardwaj, Mr. S.R. Paul Raj.

Behaviour & Interactions

- Image hover scales 105%.
- Lazy-loading on jury photos.

4.9 Contact

Anchor / Section ID: #contact

Purpose: Capture leads and provide company contact information on a forest-green hero band.

Content

- Two-column layout on lg+: contact info (left) + form card (right).
- Office addresses: Alwar (M M Tower, Agarsen Circle) and Noida (Tower 23, A23 Block A, Sector 9).
- Phone: +91-8094783752; Email: info@itoty.org.
- Form fields: Full Name, Email, Organisation, Phone Number, Message — all client-side only in v1.
- CTA: Submit (forest-green button).

Behaviour & Interactions

- Submit shows a thank-you confirmation state (no backend wired in v1).
- No validation library yet; HTML5 input types provide minimal validation.
- Recommended for v2: persist submissions in Lovable Cloud + email notification.

4.10 Footer

Anchor / Section ID: #footer

Purpose: Site-wide closure, social proof, and quick navigation.

Content

- Brand block with ITOTY logo (white treatment) and tagline.
- Quick Links: About, Winners, Categories, Gallery, Jury, Contact.
- Contact block: Alwar + Noida addresses, phone, email.
- Social icons (5): Facebook, X (Twitter), LinkedIn, Instagram, YouTube.
- Copyright row: © 2026 ITOTY. All rights reserved. • Powered by Tractor Junction.

Behaviour & Interactions

- Social icons open in a new tab with rel="noopener".

5. Winners Archive Pages (/winners and /winners/:year)

Dedicated archive route showing every recipient by year, sourced from src/data/winners.json.

5.1 Layout

- Reuses Navbar and Footer.
- Header band: "Back to Home" link, Hall-of-Fame label, H1 "ITOTY {year} Winners", short paragraph.
- Year tabs (pills): 2025, 2024, 2023, 2022, 2021, 2019. Active year fills with primary gold.
- Grid: 1/2/3-column responsive cards. Each card shows winner image, year trophy pill, award title, winner name (cleaned).

5.2 Year Coverage

Year	Awards	Default
2025	49	Yes — landing year
2024	51	—
2023	34	—
2022	29	—
2021	26	—
2019	20	—

Total: 209 winner records. Note that there is no 2020 edition (pandemic gap).

5.3 Behaviour

- Active year is read from the URL param (:year) and validated against the allowed list — invalid values fall back to 2025.
- Filtering is computed with useMemo for performance.
- Fallback message if a year has no records: "No winners found for this year."
- cleanName utility normalises hyphens/underscores in winner names from the JSON dataset.

5.4 Data Schema (winners.json)

Field	Type	Example
title	string	Indian Tractor of the Year
year	string	2025
image	url	https://www.itoty.org/...
winner	string	FARMTRAC PROMAXX 47

6. 404 — Not Found Page

- Centred layout on muted background.
- Heading "404", subtitle "Oops! Page not found", and an underlined link "Return to Home".
- Logs the attempted path to the console for diagnostics.
- Recommended v2: brand the page with the ITOTY visual identity + suggested links.

7. Non-Functional Requirements

7.1 Performance

- Static React + Vite build; no server-side data fetching on v1.
- All large images lazy-loaded (loading="lazy").
- Banner served as .webp for compression.
- No client-side routing flicker — react-router-dom v6.

7.2 Accessibility

- Alt text on all imagery (banner, jury, winners).
- Semantic landmarks: nav, section, article, footer.
- Color contrast: gold on cream and white on forest meet WCAG AA.
- Focus states on all interactive elements via Tailwind defaults — to be audited.

7.3 SEO

- Single H1 per page (homepage uses Hero/About styling; archive uses "ITOTY {year} Winners").
- Descriptive alt text for product/jury images.
- Anchor IDs allow deep-linking to sections.
- Recommended v2: per-section meta tags via react-helmet, Open Graph for share previews, JSON-LD for Event schema.

7.4 Browser Support

- Latest two versions of Chrome, Edge, Safari, Firefox (desktop + mobile).
- Minimum viewport: 360px wide.
- Tested viewports: 360, 414, 768, 1024, 1440.

7.5 Tech Stack

Layer	Choice
Framework	React 18 + Vite 5 + TypeScript 5
Styling	Tailwind CSS v3 with semantic HSL tokens
UI primitives	shadcn/ui (radix-based)

Icons	lucide-react
Routing	react-router-dom v6
State (server)	@tanstack/react-query (provider in place; not used yet)
Backend (planned)	Lovable Cloud — for contact form persistence and notifications

8. Out-of-Scope (v1) and Future Enhancements

- Public voting flow (currently routes "Vote Now" to #categories only).
- Authenticated jury portal for scoring submissions.
- Submission portal for manufacturers to enter products into categories.
- CMS-driven editing of winners, jury, partners.
- Dynamic gallery upload via admin.
- Multilingual support (Hindi + regional languages).
- Newsletter signup + email automation.
- Live event-day landing experience (livestream embed, schedule, speakers).
- Branded 404 page.
- Per-page meta tags + Open Graph + JSON-LD Event schema.
